

ATTENTION PRINCIPAL(S) AND TEACHERS NOW BOOKING SCIENCE CLUBS FOR THE 11/12 SCHOOL YEAR!

WHY MAD SCIENCE?

Mad Science is the world's #1 fun science provider for kids. Studies show that Mad Science has a major impact on children's interest in science. We have over 20 years experience offering fun, hands-on science programs in the community and are the only such organization partnered with NASA to get kids excited about science!

WHAT IS THE SCIENCE CLUB?

It is a fun and interactive 40 – 60 minute enrichment program held over the course of 6 weeks during the lunch break or after school. It is **NO COST** to your school. We offer a free Spectacular Science show the day we deliver the registration forms and parents of interested students pay a fee for the club. Our lunch clubs are \$58.40 + HST & after school are \$63.72 + HST. During October, we offer a 4 week club that costs \$38.94 + HST & \$42.48 + HST for lunch and after school respectively.

WHAT'S INCLUDED WITH A MAD SCIENCE CLUB?

- **SIX WEEKS OF FUN SCIENCE:** Science enrichment at lunch or after school. Students will engage in exciting hands-on activities, amazing demonstrations and enquiry-based discussions.
- **TAKE HOME MATERIALS:** Each class, students will take home a science project related to the topic being taught. Parents can access program summaries and experiments via our website.
- **FREE SPECTACULAR SCIENCE SHOW:** The goal is to get all your students excited about science. Even those that do not participate in our club!
- **REGISTRATION MATERIALS:** All registration forms are provided. We also include full colour posters and information for your school newsletter.
- **PAYMENT PROCESSING:** We will collect all funds through check, credit card or on-line registration
- **ROSTERS:** We will create all class lists and provide them to you prior to the first day of class.
- **RESPONSIBILITY:** Our instructors arrive in Mad Science lab coats at least 10 minutes prior to the start of class. Every Mad Scientist assumes responsibility for each student in his/her care until released to an authorized parent or guardian. Our commitment to you is to leave the classroom clean, tidy and organized.
- **SCHOLARSHIPS:** Our mission is to bring fun science to all the students at your school. Not only do we provide you with a free Spectacular Science show, we also provide you with \$25 enrolment coupons (~1/20 students) that can be donated to students at your school and/or used by staff with a child at a participating school!

WHAT OTHER SCHOOLS ARE SAYING!!!

Colonel John Butler & Virgil Public – This always engaging program is a fantastic way to offer extra curricular opportunities for those students who enjoy learning about science.

Valley Way – We've run Mad Science for several years now and the students are always interested and eager. I think this speaks louder than any comment I could make.

Niagara Christian Community – Just a fantastic program! From interactions with April in the office, to the scientists that came to our school, we are just thoroughly grateful for the program!
